Rochester Rigging & Erectors, Inc. has been fabricating and installing structural and miscellaneous steel systems since 1989. We are a fully bonded and insured company that is committed to a safe workplace. We plan carefully and follow sound construction principles, and our employees are experts at what they do. We do not take shortcuts and an aggressive schedule only means we work that much harder to get the job done! You can count on Rochester Rigging to marshal the man power and resources necessary to complete your project on budget and on schedule. With over 28 years of proven experience we work with some of the area's premier contractors and owners. From hand railings and stairs to complete 1000 ton buildings, Rochester Rigging has put together an impressive record of high-quality and on-time projects.
